Live through every Season

There is a time for everything, and a season for every activity under the heavens. (Ecclesiastes 3:1)

Our dear Father designed His creation with so much incredibly intricate detail. The mere fact that He created different seasons just makes so much sense in light of the entire ecological system, the flow of nature, the cultivation of agricultural crops ... and even in our own lives.

Just imagine what it would have been like if it was always winter, If we had to wear thick coats to shield us from the icy cold all year round. Or if we had to endure scorching heatwaves for all twelve months of the year. And even though the middle seasons are more balmy and bearable, it would also not have been pleasant to have falling autumn leaves or spring allergies all through the year.

Likewise, God gives us different seasons in our lives; times when joy blooms brightly in our hearts, times when we need more of His warm love, times when losses strip our hearts of all greenery and times when our lives enter a new pleasant phase of growth.

*Live life to the full in every season of your life,
Because who knows how long this one may last?*

Thank You for all the variation in my life, please help me to live through each and every phase. Amen

Principal's Report

NAPLAN

Today we are sending home student NAPLAN results from the paper tests our Year 3,5 and 7 students completed in May. NAPLAN is just one way we assess our students at Vineyard, with pre and post tests during units, PAT testing twice a year, and consistent observation and monitoring. NAPLAN measures where students are at compared to their year level cohort, but it is also important to recognise the journey each child has travelled throughout the year and particularly focus on the effort they put in.

If you have any questions about your child's results, please see your child's classroom teacher. We want you to understand your child's development and growth, as well as be able to identify areas where they may still need additional help. More information can also be found on the NAPLAN website <https://www.nap.edu.au/>

SCHOOL DISCO

Thanks to Hannah Neill our Student Parliament Minister for Community & Public Affairs, Mrs Underdown and Mrs Upton who organised and ran our School Disco last night. Lots of fun was had by all who attended, with games, the Macarena, the Maddison, YMCA, the Limbo, a balloon game and a wonderful Photo Booth. Thanks also to Miss Harmer, Mr Jervies and Mrs Dare for helping set up and with supervision. It was a really fun night!

CONCERT

Our School Concert is next Thursday and practices are now happening in earnest. We are having two dress rehearsals on Tuesday and Wednesday. We have invited our supporting Lutheran Congregational members, Kara House and Carinya Nursing Aged Care residents, the Gums and Clare Children's Centre, and we look forward to having them join us at 11.30am. Details for our usual night time performance are enclosed, but we hope to see all of our families there to enjoy the show. Its set to be a very special night!! Basket supper – all welcome so bring your friends!

mainly play UPDATE

Our mainly play group continues to grow with an average of around 10 pre-schoolers at each session and new families continuing to come along. We are currently working on the theme of Building a House on the Rock, and we had lots of fun this week making rock critters. Thanks to all of our organising and baking teams who help each week and continue to make this special for all of the families who come along. A very special ministry opportunity and a great way to get new families into our school! mainly play will rest for the holiday break and re-commence in Week 1 of next term.

Blessings to you for a wonderful last week of term.
Michelle

Date:
Wednesday
25th
September
(Week 10)

Where: Hard Court

When: Lunch time

Students may bring a remote-control toy to demonstrate how they work on **Wednesday 25th September**. Toys can be taken to Amy's office at the beginning of the day and will stay there until lunch time. Students will be responsible for their own remote-control toys at lunchtime and will need to bring their toys back to Amy's office at the end of lunch. They may be collected at the end of the day. Students can still participate even if they don't have a remote control to bring as it's a lot of fun watching the different toys in use. The students have specifically requested that we do this activity at lunchtime as they love to show off their remote controls.

What's happened this week at Vineyard

A cricket clinic run by the SACA and Adelaide Strikers was held at the school on Wednesday.

This clinic gives the students to be exposed to the basic skills of cricket. This included bowling, batting, throwing and catching.

These clinics are a great way for the students to be exposed to a different sport. Cricket is very well set up for juniors, both boys and girls in the Clare area, with many clubs having junior teams and junior clinics weekly at the Valleys.

Woolworths are a great supporter of the junior cricket program organised by Cricket Australia and their sponsorship allows for these clinics to be held in schools.
